Working Experience Detail

● **Awaiken Technology | Jr. web Developer**

At Awaiken Technology in Rajkot, I began my career journey. This company provided me with valuable opportunities to learn and delve into advanced technologies and new frameworks, specifically WordPress and CodeIgniter. I started as a Trainee and, with the guidance and support of the company, I progressed to become a skilled web developer. I am grateful for the experience and knowledge gained during my time at Awaiken Technology.

● **CoderKube Technologies | Web Developer**

After relocating to Surat, I joined CoderKube Technology, where I had the opportunity to work with a larger team and engage in multiple projects simultaneously. The experience at CoderKube allowed me to enhance my skills in multitasking and working on diverse projects. As a result of my dedication and growth, I earned the esteemed badge of Senior Developer at CoderKube Technology. I am proud of my journey and the accomplishments achieved during my time with the company.

● **Dream Tech Innovation | Sr. Web Developer**

After my time at CoderKube Technology, I made the move to Dreamtech Innovation Technology Pvt. Ltd. Here, I was fortunate to secure a senior position, and within just four months, I was promoted to the role of a Team Lead.

after careful consideration, I decided to venture into the world of freelancing. The desire for more creative freedom, flexibility, and the opportunity to work on a variety of projects led me to make this decision.

● **Freelancer Full Stack Developer | 2021 to continue**

After leaving Dreamtech Innovation Technology Pvt. Ltd., I began my freelancing career, and it has been a fulfilling journey since then. I have had the pleasure of working with numerous clients from various countries, including the USA, UK, and Canada. The experience of collaborating with clients from different parts of the world has been enriching and has allowed me to expand my skills and expertise in diverse projects. I am grateful for the opportunities that freelancing has brought my way, and I look forward to continuing this exciting path in my career.
